

December 2022

Dear Parents and Carers,

Lloyd Street School is looking forward to another successful year of teaching and learning and we would like to advise you of your voluntary financial contributions for 2023.

State schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for all students.

We want to thank you for all your contributions and support, particularly the voluntary financial contributions which allows us to operate a unique educational program at LSS. Further to that we would like to thank you for fundraising or volunteering your time. This has made a huge difference to our school and has enhanced the programs we can offer to our learners.

Within our school, this support has allowed us to offer a wide range of contemporary learning resources, both within and outside the classroom, a broad range of subjects and special curriculum experiences; enhanced digital learning opportunities; with engaging and inclusive learning environments.
